

1. AIR 1 serves my family by running a program that contains christian values.
2. Using an LPFM signal, places my programming desires in jeopardy. I don't want my kids listening to non-christian programming, if they have a choice, they will listen to what we listen to.
3. Air 1 provides quality music and content that follows our christian lifestyle, I would be highly upset if it were changed, replaced, removed or jeopardized by an LPFM signal.
